

THINK EITEL WILL INTERN AT NEWPORT

OFFICIALS SAY GERMAN CRUISER IS ENTIRELY UNSEAWORTHY.

FOG HINDERS STRAITS ATTACK

Russian Black Sea Fleet Is Expected To Attack Bosphorus Today.

(Associated Press.)
Washington, Mch. 12.—Confidential reports to officials here seem to make it certain that the German military cruiser Eitel now in drydock at Newport News, will be forced to intern, as the vessel is utterly unseaworthy.

President Wilson has directed a thorough examination of the facts concerning the sinking of the American ship William P. Frye by the Eitel.

The captain of the Eitel estimates that necessary repairs can be made in three weeks.

Newport News, Va., March 12.—The German converted cruiser Prinz Eitel Friedrich weighed anchor and went into the Newport News ship yard preparatory to going into drydock for repairs. Officers of British, French and Russian navies prepared to take crews of sunken ships from the war vessel. Immigration officials decreed that more than seventy passengers taken from the French steamer Florida are undesirable aliens and cannot enter the United States.

The crew of the William P. Frye was released. Twenty-two came off, but two remained behind and enlisted in the German navy.

Willing to Take Chance.

Norfolk, March 12.—With five British warships hovering around the Virginia capes, eager for a chance to sink her, Captain Thierishens of the German auxiliary cruiser Prinz Eitel Friedrich declared he would not intern unless forced to do so, and that he was ready and anxious to proceed to sea as soon as his vessel makes urgent repairs to her machinery and boilers.

WA SUMMARY.

(Associated Press.)
The Germans have advanced to within two and one-half miles of Przasnysz, Northern Poland, according to Berlin. In the report the Russian claims of recent victories are denied and various German successes are recounted. In two battles 72,000 Russians were captured. Berlin admits the British have captured Neuve Chapelle.

BATTLE IN PROGRESS.

Petrograd says that a great battle is in progress in Northern Poland. German aviators have bombarded Osso Wet.

FOG IN STRAITS.

According to a Constantinople report fog is hindering the attack on the Dardanelles; the report adding that a British landing party of 1500 had been driven back. Another report says that all of the British were killed or captured. It is reported that Constantinople is in a state of (Continued on Page 4, Col. 5)

Getting Acquainted With The Candidates

FRED D. DANA.

Fred D. Dana, who is one of the eight successful candidates for commissioner at Tuesday's primary election, is one of the native sons of Dixon, his birth having occurred in this city on July 6, 1875. His parents were Josiah P. and Winifred M. Dana the former a native of New York and the latter of England. They became residents of the middle west in early life, however, and were married in Wisconsin, while subsequently they established their home in this city.

Fred D. Dana had a public school education, taking up his studies at the usual age and passing through consecutive grades as the years went by. He also received business training in Dixon college, from which he graduated in the class of 1895. Much

of his time has been devoted to journalistic interests. For twelve years he was city editor of the Dixon News, continuing in active newspaper work until 1910, when he was appointed deputy to County Treasurer Frank C. Vaughan. Since his retirement from that office Mr. Dana has been connected with the Evening Telegraph. He has also filled other public positions, having been an alderman and a member of the school board, while at present he is president of the board of the south side schools. In all his duties he has always been capable, systematic and especially trustworthy.

On June 18, 1902, Mr. Dana was united in marriage to Miss Evelyn C. McElhenny of Amboy to whom two children, Evelyn F. and Ruth, were born. He is a member of the Masonic and Elk fraternities standing in the utmost esteem with his fellow members in each organization, and in all of his dealings he is prompt and faithful, has a high ideal of citizenship and strives always for the betterment of the conditions in which he finds himself.

(Associated Press.)
New York, March 12.—Mrs. John D. Rockefeller died at 10:20 o'clock this morning at the Rockefeller country home near Tarrytown where she has been ill for some time. Her husband and son, who have been in Florida, are enroute to New York in a special train.

Native of Ohio.
Laura Celestia Spelman Rockefeller was born in Wadsworth, Ohio, of well-to-do New England parents, on September 9, 1839. She was her husband's junior by two months. As a child she lived in Wadsworth, in Burlington, Iowa, in Akron, Ohio, where her father, Harvey B. Spelman, achieved a competence in the dry-goods business, and later in Cleveland. In the grammar school at Cleveland she met John Rockefeller when they were fifteen years old.

Rockefeller was a country boy. She was the daughter of one of Cleveland's leading citizens. His home was a little farm house; hers one of Cleveland's handsomest residences. His associates, outside of school, were mostly farm hands and country boys; hers were talented folks of affairs drawn to her father's handsome house, for her father then was a member of the Ohio legislature, a public spirited citizen interested in philanthropies and a man of many activities. Notwithstanding other differences, the awkward youth and the city girl had in common a love of study and simple tastes, and they became fast friends.

Laura Spelman's schoolmates knew her as a quiet, studious girl who would rather read a good book than go to the theater; as a devout churchgoer and as a girl who was always well dressed in good taste, avoiding extremes and seeking simplicity. She was intensely practical and home loving. At high school she excelled in her studies but took not only the prescribed course but bookkeeping and other commercial studies little pursued by women in those days.

Little Sentimentality.
There seems to have been little sentimentality in the friendship between Miss Spelman and young (Continued on Page 6, Column 1.)

Senate Adopts Rules Committee In Record Meet

Session which Adjourned This Morning Longest In States History

(Associated Press.)

Springfield, Ill., March 12.—The senate early today adopted Senator Eitel's resolution creating a rules committee of five republicans and four democrats. Broderick, Carroll, Keller and Sullivan, all democrats, voted for the resolution against which the democrats had filibustered.

Keller then gave notice that he would move for a reconsideration of the vote. The session of the senate which began at 10 o'clock Thursday morning and ended at 2:55 this morning was the longest continuous session of either house since the state was organized.

On the tentative Republican slate of committees, Cliffe of Sycamore was given the chairmanship of the roads, highways and bridge committee.

CALL ISSUED FOR REPUBLICAN CO. COMMITTEE MEET

WILL BE HELD IN DIXON APRIL 8 TO NAME JUDICIAL DELEGATES.

Attorney Harry Warner, chairman of the Republican County Central committee of Lee county, today announced that on March 19 there will be a convention of the republican precinct committeemen of Lee county, in Dixon, for the purpose of selecting delegates to the judicial convention of this district at Freeport, April 8, and to the judicial convention of this supreme court district at Rockford.

Lee county is entitled to fifteen delegates to each convention. The Freeport convention will nominate the three present circuit judges, Farrand, Heard and Baume, without doubt and Judge Cartwright of Oregon will surely be the nominee at Rockford.

The old convention method of nominating the judicial candidates was necessary because the new primary law makes no provision for judicial primaries, and the judicial ticket will be put up under the old Australian ballot law.

To date there has been no hint of opposition among the democrats to the three circuit judges now holding office in this district and it is not believed likely that there will be a candidate of another party. All is harmony in the republican ranks on the judgeship proposition.

PIONEER OF GRAND DETOUR PASSED AWAY

WILLIAM P. ENGLAND DIED AT HIS HOME THURSDAY NIGHT.

Wm. P. England died Thursday at 10:30 p. m. at his home in Grand Detour, death resulting from a general breaking down. The funeral will be held Sunday at 2 p. m. from the Christian church at Grand Detour. Rev. Bradshaw officiating.

Mr. England was born in Charleston, W. Va., on Sept. 14, 1833. He came west shortly after the close of the war and has been a resident of Grand Detour for the past 45 years. When the call was sent out for volunteers at the outbreak of the civil war he was among the first to enlist and participated in a number of important engagements. He was united in marriage to Margaret A. Lee in his native state on June 11, 1864. Beside his widow he is survived by six children, as follows: Mrs. Nellie Solles and Alice Plummer of Rock Falls; Mrs. Effie Myers, James and Charles England of Grand Detour and Mrs. Josephine O'Roark of Chicago.

Map Showing Location of Smyrna And Other Points In Asiatic Turkey.

The above map shows Asia Minor and the various points of interest in connection with the campaign against the Dardanelles. Smyrna, whose forts are reported to have been silenced, is a formidable natural fortress, the possession of which would be necessary for the success of land operations against Constantinople through Asia. The Aegean islands are presented also, as well as the ancient city of Broussa, once the capital of Turkey, to which the government may flee if the fleet passes the strait; also the city of Adalia, on the gulf of Adalia, where it is rumored the Italians are going to land an expedition, and the city of Koniah, in the interior, where part of the Turkish government may take refuge. Smyrna is connected with Constantinople by a railroad line, which is shown in the map. In the map the letters signify to which country the islands belong: G is for Greece, I for Italy and T for Turkey.

AMERICAN IS MURDERED IN MEXICAN RIOT

JOHN B. McMANUS, FORMERLY OF CHICAGO, KILLED UNDER AMERICAN FLAG.

PRESENTS CRISIS TO WASHINGTON

Wilson's Note Expressly Provided That Protection Must Be Given.

(Associated Press.)

Washington, D. C., March 12.—John B. McManus, originally of Chicago, and one of the most prominent Americans in Mexico City was killed yesterday when Zapata forces entered the city, because it was alleged that McManus had killed three Zapatistas when they were in the city previously.

The American flag was flying over McManus' house and the doors had been sealed by the Brazilian consul, according to advices received by the state department from the Brazilian minister at Mexico City.

Gen. Salazar, post commander at the Mexican capital, has promised the Brazilian minister that he will punish those responsible for the murder.

Dispatches, telling of the murder were taken to the cabinet meeting today and laid before the president. Secretary Bryan stated that a searching inquiry was under way.

The killing is said to have caused the greatest excitement in the foreign colony, and has caused the deepest concern at Washington.

Oregon, Carranza's commander, evacuated Mexico City with his troops Wednesday night, the Zapatistas entering yesterday.

Official dispatches from the other legations in Mexico City said that one British house had been looted and that hundred of people had been injured in the disturbance which prevailed between the evacuation of Oregon's forces and the entry of the Zapatistas.

WILSON'S PROVISION.
President Wilson's recent note specifically pointed out that Carranza and Oregon would be held personally responsible for destruction of life or property if they failed to provide for the protection of foreigners in the event of evacuation.

The president has made a formal demand on Salazar insisting that the Zapatas who are guilty of the murder of McManus be punished and that adequate reparation be made the family of the victim.

McManus was said to be one of the most responsible members of the American colony in Mexico. He had been in business in Mexico City 15 years.

MEXICANS STORMED PALACE FOR PRIESTS

(Associated Press.)
Los Angeles, Cal., Mch. 12.—2,000 Mexicans stormed the national palace at Mexico City yesterday in an effort to release 250 Catholic priests imprisoned there. A riot followed and the chief of police was stabbed, two Mexican assassins who attacked him being killed. Many were injured.

Washington, D. C., March 11.—Both President Wilson and Secretary of State Bryan today pronounced the Mexican situation encouraging, although every report reached them during the day was more disconcerting than the one immediately preceding it.

The most serious news was contained in an official dispatch relating the killing of four Spaniards in Mexico City. Senor Riano, the Spanish ambassador, called on Secretary Bryan to discuss this. At the time he (Continued on Page 4, Column 6.)

Love Notes And Hoard Puzzle In Woman's Death

Wenona, Ill., March 11.—The body of a strange old woman who came to Wenona ten days ago with \$2,000 sewed into her clothing and a bundle of love letters in her handbag is lying unclaimed in an undertaker's shop here. Her \$2,000 also unclaimed, has been deposited in a local bank to await the appearance of heirs.

From the day of her arrival the woman, who was about 65 years old, had been an enigma. She asserted she had come to visit Mr. and Mrs. Joseph Thompson, who, she said were relatives of her husband. Thompson had been dead a week, she found. Mrs. Thompson, like her husband, a pneumonia victim, was dying.

That night the mystery woman went to the Stanton hotel. She said she was Mrs. W. M. Morgan of Spencer, Idaho.

Feels Illness Coming.

"I'm afraid I'm going to be sick," she said. "If I could make arrangements to stay with some one who knew the Thompsons well, I might get better care than at the hotel."

So the next day "Mrs. Morgan," too ill to walk was carried to the home of J. W. Argabright. A physician diagnosed her case as one of pneumonia. News of the death of Mrs. Thompson did not seem to stir her.

"I'm sorry," she said. "But I did not know Mrs. Thompson personally. I was going to stay at her home until my husband, who is her brother, came to get me."

Taking Off Weight On Soup and Fruit In Cuba

(By Ward Miller, Center Fielder of St. Louis Feds.)

Havana, Cuba, Mch. 5.—We have been here three days and as I have had time to look around a little will describe our trip to date.

Leaving St. Louis Saturday, Feb. 28, at 11 o'clock, we arrived on time at Jacksonville. It was rough riding but we made it O. K. We encountered all kinds of weather on the trip. In some states it was very warm, while in Alabama we passed through a regular blizzard. We could see all the negroes huddled up half frozen in their huts, and it was real cold in Jacksonville. We were three hours late in reaching Key West, but as the boat had to wait for the passenger train our delay made no difference. The railroad through the Keys is supposed to be one of the greatest feats of engineering ever pulled off. There are some strips of land on which to build a track, but for the most part it is constructed on coral. Key West looks like a big city but there is not much doing there, all of the cigar and tobacco factories having moved to Tampa.

Ocean Was Calm.

Our trip on the boat was nice. They said the ocean was real calm, and if it was I would hate to see it rough. Many of the bunch got sick, yours truly included, and I did my share in providing food for the fish. Mrs. Miller was the only woman in the party who did not get sick. She stood the trip fine. We dread the trip back as they are going to take off the large boats and put on smaller ones, which I suppose will roll up some. Good night!

Havana Harbor sure is some sight. Morro Castle on the left and the high dike and a row of buildings all along a stretch of about three miles all lighted up. There seemed to be a million lights. Before landing all of the passengers were called to the dining room and a doctor gave us the "once over"—some bunk. Then we passed out and were corralled in another place where they inspected our grips. It took about an hour before we were allowed to go to our hotels.

Inquisitorial Body For April Term of Circuit Court Was Selected.

The Lee county board of supervisors met this morning, completed the business of the session and adjourned until 2 o'clock on the afternoon of April 2nd, when bids on the building of the new Lee County Home at Eldena will be opened and the contract for the construction of the building will be let to the lowest responsible bidder.

A notice of public letting of the contract for the new county building was read and approved. The notice states that plans and specifications of the work will be at the office of the architect, M. H. Vail, in Dixon, after March 22; that bids must be filed with the county clerk of Lee county before noon of April 1, 1915, and that the bids will be opened and the contract let on April 2, 1915, before the entire board of supervisors.

Byers Present. John H. Byers, secretary to Congressman McKenzie, who is back from Washington, was a visitor at this morning's session of the board and Chairman Buckaloo called upon Mr. Byers for a talk. Mr. Byers responded with his usual grace and good nature and entertained the board for a few minutes in his own enjoyable manner.

A claim of County Superintendent of Highway L. B. Neighbour, regarding money expended by him on work on the state aid road, was referred to the road and bridge committee. The grand jurors for the April term of court were selected as follows by the board of supervisors yesterday:

RUBS NOSE TO CURE PATIENTS

SURGEON REACHES PARTS BY NASAL STIMULATION.

Noted Medical Men Working Along Many Similar Lines He Avers.

Dr. Pierre Bonnier, a distinguished Paris physician, has published an account of a novel method of treating disease.

He calls this method "centrotherapy," meaning the cure of disease through the treatment of the central nervous system. In practice the method consists of applying a slight stimulation to certain areas in the nasal cavities, which are in close relation to the nervous centers that control every part of the body. The stimulation is a slight cauterization ordinarily used by throat and nose specialists.

Dr. Bonnier reports that in the last six years he has treated 200,000 cases by cauterization at the great Hotel Dieu hospital in Paris, at the Poly-clinic maintained by Baron Henri de Rothschild and in private practice.

In his book he gives a record of about 2,000 cases, in all of which he claims to have obtained complete cures or great improvement. The ailments treated range from headache to cancer.

It is interesting to note that other medical men are working along closely related lines. Dr. William H. Fitzgerald, a nose and throat specialist, of St. Francis' hospital, Hartford, Ct., recently reported a remarkable system of treatment through sensitive spots in the nose.

Dr. Fitzgerald produces complete anesthesia of certain parts of the body by pressing down a related area in the nose. By this method he can remove a foot without using an anesthetic, the patient feeling no pain. By simply massaging the area in the nose Dr. Fitzgerald can cure diseases in the related area in the body.

Others have discovered a close connection between the nasal cavity and diseases apparently far removed. While studying infantile paralysis at the Rockefeller institute Dr. Simor Flexner and his colleagues found that the germ of this terrible disease entered the body first through the nose, then made its way along the olfactory nerve to the brain and thence to the spinal marrow, where it does most of its damage.

The essential feature of the Bonnier method consists in applying the cautery close to the centers of nerve control. These centers, he tells us, are in the medulla oblongata, the bulb which forms the top of the spinal column, and is located within the skull. In this bulb there is a center that controls every area of the body. Its activity and vigilance are necessary to the life and health of each part. If disease gains an entrance at any part of the body, whether it be an inflamed toe or an appendix, it means that the functions of the nervous centers in the medulla have been overcome in some way.

The reason why the nervous centers in the medulla can be reached through the nasal cavity is that this is the nearest surface in direct nerve communication with the medulla. All the other surfaces are related to the nerve centers, but they are much further away. All the remedies we now use, according to Dr. Bonnier, operate through their effect on the nerve centers. For instance, when the doctor puts an ice pack on the abdomen to reduce an inflamed appendix, it does not operate by directly freezing the appendix, but sends a stimulation to the appropriate nerve center that makes it try to do its work of keeping the appendix in normal condition.

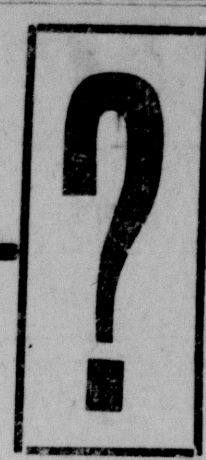

Just under the surface of the nasal cavity runs a branch of the great trigeminal nerve which supplies the face and is in close relation to the medulla. According to the theory of Dr. Bonnier, a certain spot in the nasal cavity leads back through the trigeminal nerve to the center in the medulla that controls some other part of the body.

"The medulla is the wise guardian of our physiology by which our life is continued from second to second. Every illness is a deviation from this physiology. The medulla of every sick man knows infinitely more than any doctor; it is the great physician whom we must consult. It is the conductor of the medicine; when it goes wrong it is because the medulla is out of order or asleep. Instead of pushing on the wheels of the automobile, regulate the source of power. Wake it up and it will work," says Dr. Bonnier.

The relation of one nervous center to another explains the extraordinary manner in which one disease changes into another or cures another. Thus, according to Dr. Bonnier, a case of asthma may cure inflammation of the intestines; an eczema will cure asthma, and then change into a headache, which will give way to hemorrhoids, which will be followed by vertigo, which will change into nervous prostration.

In such cases the asthma may stir up the nervous center which should have resisted the intestinal inflammation, but which has fallen out of activity. The new disease may answer the same purpose as Dr. Bonnier's cautery. In many cases we find that an affection of the skin, like eczema, cures some disease of a deep seated organ, especially the digestive apparatus.

Mrs. Ed Fane, who submitted to an operation at the Dixon hospital, Henry T. Noble was in Sterling on Friday on business for the Dixon Cereal Co.

HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

BERLIN REPORTS RUSS FORCE IS ANNIHILATED

Says Slavs Lose 3,200 Prisoners in Poland.

Berlin, March 12.—A Russian force that attempted to break through the German line south of Augustow has been annihilated, the war office announces. In other sections of Poland the enemy has been defeated in a series of engagements with a loss of about 3,200 in prisoners. The numerical strength of the Slavs cut to pieces in the Augustow fighting was not given in the official statement.

London, March 12.—Field Marshal Von Hindenburg has made another of the swift and unexpected strokes which have marked his campaign against the Russians. Gathering a large force along the Prussian border in northern Poland, he has begun a new movement southward, apparently intending to strike again at Przasnysz, where the Germans recently met the defeat which preceded their general retirement in the north. An important battle has developed as a result of this movement.

SENATE FAVORS NEW ILLINOIS BASIC LAW

Joint Resolution for Constitutional Convention Passed.

Springfield, Ill., March 12.—The resolution calling for a constitutional convention to draft a new basic law to replace the present one made in 1870 was passed by the state senate by a vote of 42 to 5. Three Democrats—Denvir, Hasse and Shaw—and two Republicans—Roos and Smith—voted against it. Denvir and Roos are both from Chicago. The resolution now goes to the lower house for action. If approved a bill will have to go through both houses and be enacted into law, specifying how the convention shall be held. The people then must approve of the plan. Next the people will vote to select the delegates and the third referendum will be necessary on the constitution as drafted. This is expected to take at least six years.

Should the house pass the resolution the proposition of holding a constitutional convention would be submitted to the voters in the fall election of 1916.

The legislature convening in 1917 would then enact laws calling the convention, fixing the time, place and manner of electing the delegates and appropriating for it. It should be able to assemble by August of that year. The present constitution provides that any proposed constitution must be submitted to the voters within ninety days of its completion by the convention. Advocates of the convention predict its deliberations would be concluded in three months and this referendum would be held by 1918. Both elections to chose delegates and to approve or reject the constitution as offered by the convention would be special ones on those propositions alone.

Wife's Savings Are Her Own. Belleville, Ill., March 12.—Money a wife saves from the allowance given her by her husband belongs to her individually, and not to the husband's estate, according to a ruling by Judge Frank Perrin in the probate court at Belleville in litigation over the estate of the late Nelson A. THE STORE THAT SELLS WOOLTEX
You can walk easily in the new skirts.

WOMEN are to have their own way. The narrow skirts are gone for good.

Safety, comfort and modesty are dominant features of the new skirt modes. You are no longer to be hampered by a skirt that prevents a quick, long step in crossing a busy street.

You'll find these new skirts just the right width, and remarkably graceful in style lines. They bear this mark of style, and quality excellence:

The pure wool materials were carefully shrunk before cutting. Every seam was tailor-basted before stitching. No drawing or pulling out of shape in wooltex skirts.

With all this superior quality and workmanship you pay no more for Wooltex skirts than for ordinary kinds.

You can choose from a full assortment in coverts, serge, poplin, gabardine and Chuddah cloth. Colors are black, blues, grays and sand colors.

\$5.00 \$8.75 \$10.00

Girdles that stay trim and neat

All Wooltex skirt girdles are silk-finished and are re-inforced by featherbone stays. These hold the belt to its original form and prevent curving or wrinkling.

Moose Dance.

The regular Thursday night dance held by the Loyal Order of Moose was held in their hall last evening with an attendance of about seventy-five couples. Miss Hefley and Walter Stott furnished the music.

Called on Dixon Friends.

Joe and Edward Long called on Dixon friends last evening.

Pretty Dancing Party.

A very pretty and delightful dancing party took place last evening in Rosbrook hall, when the Social Dames, a recently organized club consisting of young married ladies held their first of a series of dancing parties. Music was furnished by the Marquette orchestra of six pieces who played a concert from 8:30 until 9:00 o'clock when dancing commenced and continued until one o'clock.

The hall was very attractive in its decorations of blue and gold. Festoons of these colors were used throughout the hall, both balconies being draped in a very pretty manner. At the east end of the hall a pretty refreshment room had been arranged and was decorated with potted plants. Miss Cook served punch and wafers.

The patronesses for the evening were Mesdames William Beiers, Louis Stephen, George Ackland and Lyman Booth.

The hall was very prettily decorated in blue and gold, the work being done by Morris Rosbrook, and the young director received many compliments for his tasty arrangement. Among the out-of-town guests were Misses Clara Halstead and Minnie Bell of Peru, and George Curry of Chicago.

Announcement Marriage.

Mr. and Mrs. J. E. White of Sublette have issued cards announcing the marriage of their daughter, Bessie May to Mr. Harold C. Reis, Saturday, February 24th at 2:30 p. m. at Morrison, Ill. Mr. and Mrs. Reis will be at home after April 1st at 629 North Galena avenue, Dixon.

Leaves for Minnesota.

Miss Iva Rapp of Sterling came to Dixon Wednesday enroute for Mendota where she will be joined by her sister. From there they will go to Minnesota where they will make their future home.

Mission Band Meets.

There will be a meeting of the Mission Band of the North Side church Sunday afternoon at 2:30. All the members are invited to attend.

Pleasantly Surprised.

Miss Margaret Kimes of Logan avenue was pleasantly surprised at her home last evening, when about 25 friends gathered and gave her a miscellaneous shower. Music and games were the feature of the entertainment and at a late hour dainty refreshments were served after which the guests departed for their various homes, with expressions of having spent a most delightful evening.

Cook-Hopps.

On Wednesday evening at 8:30 occurred the wedding of Miss Florence M. Hopps, daughter of Mr. and Mrs. Edgar Hopps and Mont Cook, at the home of David Smith, two and one-half miles northeast of PawPaw. The wedding was a quiet affair, there being but a few present beside the family.

The home was decorated with pink and white roses tastily arranged in vases in various rooms. At 8:30 the officiating minister, Rev. O. T. Canfield, and the couple, accompanied by Miss Mildred, the bride's sister, and Willard Harper, stood before him. The ring service was used with the regular wedding service, and the bride and groom were made man and wife by the mystic nuptial tie. The bride was prettily arrayed in a wedding gown of white and carried a shower bouquet of white roses.

The couple have rented a house in the southwest part of town where they will begin housekeeping at once.

The good wishes of their many friends go with them in their wedded life.

Lutheran Choir Practice.

There will be a rehearsal of special music of the St. Paul's Lutheran church choir this evening at 7:00 o'clock. All members are urged to be present.

Surprise Party.

The members of the Ladies Aid society of the German Lutheran church gathered at the home of Mrs. John Fischer of Pine street yesterday afternoon and pleasantly surprised Mrs. Fischer's sister, Mrs. Rammelt. There were forty-three members in the party and a most delightful afternoon was spent by all. Mrs. Zopf, president of the society in behalf of the assembled members presented Mrs. Rammelt with a handsome oak rocker as a token of their appreciation of her good work done for the society and the church.

Mrs. Harry Horwig, Mrs. Henry Reitz and Mrs. Andrew Ventler of Ashton were among the guests.

Gone to Rock Falls.

Miss Avis Manning of South Dixon has gone to Rock Falls for a few days' visit at the home of Mr. and Mrs. Bert Shephard.

Guest of Dixon Friends.

Miss Louise Brown of Morrison, is a guest at the Ed L. Staples and O. H. Brown homes in this city for a few days' visit.

Entertained Ashton Ladies.

Mrs. Charles Krug had as her guests last evening, Mesdames Henry Reitz, Harry Horwig and Andrew Ventler of Ashton, and a number of ladies of this city.

Dixon Woman's Club.

The Dixon Woman's club will meet in the parlors of the People's church at 2:30 o'clock Saturday afternoon at which time Mesdames Allen Smith and McVethy will be the hostesses. Secretary Bailey of the Y. M. C. A. will repeat his paper on juvenile protection and each member is urged to attend and to bring a friend.

Celebrated Birthday.

John Forrest Thursday celebrated his eighty-third birthday with a six o'clock dinner at his home, his guests being Miss Mary Forrest of Flint, Mich., Mr. and Mrs. J. A. Forrest and family, Mr. and Mrs. Fred Dimick and Miss Christie of Dixon. The affair was a most happy one and all united in wishing their host many happy returns of the day.

The Hesitation, Fox-Trot Etc.

A very delightful evening was enjoyed by those who attended Mrs. Wilhelmina Seyforth Kaylor's dancing class last evening. All seem to be much pleased with the new dances that are being taught by their skillful instructor.

Mr. and Mrs. Irving Kahler have returned from a visit in Bloomington, Ill., where they have been since Saturday.

With Bridge.

Mrs. W. B. Steele entertained a few friends Thursday afternoon with bridge.

FIND MORE PLUNDER HIDDEN IN JUNK YARD BY THIEVES

FOUR PAIR OF TROUSERS FOUND THIS MORNING—BAKE SHOP ROBBED.

Four pairs of trousers were found shortly before noon today hidden in the junk pile in the Sam Rubenstein junk yard on River street. Mr. Rubenstein was looking through the pile for a piece of iron when he made the discovery. The trousers were turned over to Sergeant Gaffney and were later identified as having been taken from the Boynton-Richards clothing store.

The trousers were evidently stolen by Alfredo Garcia, the Mexican now confined in the county jail, who was caught in the act of concealing other trousers he had stolen from the same store last Saturday afternoon. The Mexican went into the junk yard Saturday afternoon; when asked what he wanted by Mr. Rubenstein, made the reply that he was looking for a man named Joe. It is the supposition now that he must have hidden the trousers just found at that time.

The bakery shop of the Sanitary bakery on Peoria avenue was entered some time last night and some pies and possibly some bread were taken from a show case. Entrance was gained through a rear door. A glass had been broken out and a sheet of tin placed in the opening. This was forced out and by sliding back a bolt entrance was easily gained. This is the second time this place has been entered within a few months.

SCHOOL DISTRICT WITH NO PUPILS

SCHOOL HOUSE NORTH OF SUBLETTE HAS BEEN CLOSED TWO YEARS.

There is one school district in Lee county that does not have any children of school age and it is now two years since any children have attended school there. There are other districts in the county where the number of children of school age are so few that it is difficult on some days to have enough children present to hold school.

The school house that has been closed the past two years is in district No. 101 in Sublette township, known as the Ingalls school, just north of the village of Sublette. No school tax has been extended in the district the past year and there is talk of an endeavor to consolidate the district with district No. 103, in which the village is located.

Hon. Wm. L. Leech of Amboy was in Dixon today.

Ex-Supervisor Jacob Huyett of Nachusa township was here today.

George O'Malley was in DeKalb today on business.

A mechanic of St. Louis, Mo., has invented a "non-skidder" which is intended to prevent the possibility of accident to an automobile by making it impossible for the car to slide off the road. The attachment consists of two shoes fastened to the rear of the car, between the wheels. When the car begins to skid the driver touches a button and the shoes instantly drop to the surface of the road, stopping the car. The shoes are about eighteen inches long and three inches wide, made of hard metal with a corrugated under surface.

INTEMPERATE SPEECH.

Charges have been preferred against Federal Judge John M. Killits of Toledo, O., who is reported to have said that he hoped a thousand bombs would be dropped on the Kaiser's head. President Wilson has referred the matter to the department of justice, says an exchange.

Just why the president has passed the matter along to the department is not made plain. It has no jurisdiction in the matter, for Killits was doing his talking as a private citizen, addressing his fellow citizens. The declaration was not made in court nor in connection with his duties as a judge. The best the department can do is to express regret that a man connected with its service has used such intemperate language. It cannot remove the judge nor even discipline him.

President Wilson could with propriety have rebuked Judge Killits and the rebuke would have been impressive. In making his ill-tempered remarks concerning the Kaiser, the judge invited censure from the president. He did this as a citizen, in defiance of and in contempt of the president's timely and sensible plea to Americans to assist him in maintaining the neutrality of the United States.

The president was unable to punish Killits by imposing a penalty on him. He could, however, have directed to Citizen Killits a few appropriate words on the subject of maintaining neutrality such as would have had a wholesome effect on other hot-heads. And public opinion would have made those words effective.

GOOD ROADS.

The advent of the Lincoln Highway across the country has set the road makers an example some of them are not slow to follow. The road is not only good for traveling, but it is to be made as picturesque as possible. Here is a list of suggestions to that end which has been prepared by the Lincoln Highway committee of the American Institute of Architects:

Encourage the location of parks and public or other important buildings contiguous to the highway.

Locate monumental markers at the entrances to villages, towns and cities.

Locate imposing monuments at all state lines.

Encourage construction by private funds of mile sections in various localities, in accordance with approved designs, to serve as examples of desirable treatment.

Simple, attractive markers at road intersections, and more imposing markers at intersections of official tributaries.

Use of hedges instead of fences where conditions permit.

Memorial bridges at important rivers and streams.

HISTORY AS ONE MAN VIEWS IT.

Nine years ago a foreigner came to Freeport, tells the Aurora Beacon-News.

Having lived here more than the required length of time he considers himself fit to bear the duties of citizenship.

Appearing before a judge the other day for examination the following colloquy took place:

"Who was Abraham Lincoln?" "I don't know." "When was the civil war?" "I don't know." "Was Bryan ever president?" "Yes." "When?" "I don't remember what year." "Where are the laws of Illinois made?" "At Springfield." (A sigh of relief in the court room that at last the judge was on the right trail.) "Who makes the laws of Illinois?" "Chris Dittmar." "Who is Chris Dittmar?" "The feller who used to be mayor here and who runs the fish and game pond at Springfield."

Still, there are plenty of men voting in Illinois who couldn't give any better answers than this man.

But they were born here.

THE NEW LEE COUNTY HOME.

The board of supervisors is now all harmony as regards the new county home and the preliminary work that goes before the erection of the building is being rushed along in a very gratifying manner. Lee county is to have a home that will be a credit and before the year is up we will no longer have a county home that is a danger and a menace to life and a disgrace to the county. The county board is to be commended upon its foresight and progressive spirit in making this greatly needed improvement.

ATTEND THE HOSPITAL CONCERT.

Go to the benefit concert for the Dixon hospital tonight. Your money will go to a splendid cause. A good hospital is one of the most important advantages modern times afford to any city. We should never miss an opportunity to aid the local institution.

Rev. Frank Waller Allen doesn't believe in preparation for defense. He says: "This idea that we must arm for peace is the most danerous doctrine that is being uttered today. It is a despicable philosophy, a damnable lie, whose origin is in hell. He who utters it, prints it, or does not deny it, is in a pretty way of staining his own hands with the blood of his countrymen." The Reverend Allen at least has the courage to express his convictions in unmistakable language. Some of the most able and patriotic statesmen of the nation disagree with him, however.

Since the preliminary skirmish on Tuesday, the warriors for office seem to have faded back into the trenches, but the cessation of hostilities is probably only for the purpose of regaining breath and the battle will be on with renewed ferocity within a week.

Supervisor James Buckley struck a popular chord when he asked that the bounty on crows and sparrows be restored. These grain thieves and exterminators of valuable forms of bird life should be driven out.

The reason meat is so low is that Chicago packers have eight million dollars worth tied up in the prize courts of Great Britain awaiting disposal. But it's an ill wind that blows nobody good.

IN MEXICAN RIOT**

(Continued from Page 1.)

called the administration had not received official information about the killing. No details have yet been received.

Other reports received during the day indicate that looting has been going on for ten days in Mexico City.

Another Note Warns Carranza. General Carranza in reply to his response last night to the notice that he, Carranza, and Obregon would be held personally responsible for the safety of Americans, and other foreigners in Mexico City. It is understood to have emphasized the importance of keeping railway communication between the capital and Vera Cruz open.

Carranza's reply to the American note was generally admitted today to be wholly unsatisfactory. His action in addressing it to the president, instead of Mr. Silliman or to the secretary of state was regarded as peculiar, to say the least.

Carranza's statement that the language of the American note was such as to justify him in not deigning to reply to it was viewed as little short of being positively offensive.

The American note asserts that conditions in Mexico City have become "intolerable and cannot longer be endured." Carranza replied by denying all the specifications in the American charges asserting that all he has done hitherto is proper, and finally that he proposes to continue as heretofore.

In other words, the United States told Carranza what he had done was intolerable and he replied by saying

he proposed to give foreigners more of the same.

Bryan Warning a Boomerang.

That Secretary Bryan erred in repeating his warning to Americans to get out of Mexico City was the opinion expressed here today when it was noted how Carranza seized this warning as affording an answer to the contentions of the United States. He says, in effect, to this country that its suggestion that Americans leave Mexico is the best solution of the probable and thereupon invites not only Americans to get out but all foreigners as well.

Furthermore, it was recalled here today that Americans in Mexico City have protested against Bryan issuing such a warning without securing the means for American to act on it.

Other Nations Less Complacent.

Although the Washington administration may accept complacently Carranza's suggestion of a general exodus as a solution of the problem, it is definitely known that the European governments interested in Mexico will entertain no such view. Their position is and has been that they will not invite their nationals to get out of Mexico; that they are in Mexico in the exercise of their legitimate rights, and they demand for them, therefore, protection in those rights.

Secretary Bryan said today that the efforts of this government are now centered upon the task of relieving the food situation and obtaining transportation out of Mexico City. Steps are being taken by representatives of the state department at both Mexico City and Vera Cruz to this end.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Your Hair Gets Soft, Fluffy and Luxuriant At Once.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine.

MRS. ROCKEFELLER DIED AT TARRYTOWN

Continued from Page 1.

Rockefeller, but for ten years each was the other's best friend. During the days of Rockefeller's early manhood, when he saw his hopes of a college education fade away, and soon thereafter when he tramped the streets of Cleveland for weeks in a seemingly hopeless search of work, she encouraged and cheered him. Soon after he had established himself in his first place, as bookkeeper at \$500 a year—she left Cleveland to complete her education at Worcester, Mass. She returned when she was twenty years old and taught in Cleveland's public schools. Her first class was the "A" grammar grade in the Brown street school, now known as the East Fourteenth street school. And she renewed her friendship with young Rockefeller.

Assistant Principal. In 1862 Miss Spelman, described by her superiors as a splendid disciplinarian and a perfect teacher, became assistant principal of the school Rockefeller absorbed in business, took the books of his firm to her of an evening and together they would go over his affairs. Both of them were interested together in church work, too; she as a Congregationalist; he as a Baptist; and neither ever attended a dance or the theater.

Young Rockefeller prospered beyond his fondest hopes. As soon as he felt that he could ask her to become his wife he did so. They were married on September 8, 1864, the eve of her twenty-fifth birthday, and started to housekeeping in a little two story brick residence on one of Cleveland's side streets. Upon her marriage she became a Baptist and to her religion and her home she devoted her entire time.

"To be a good wife and mother is the highest and hardest privilege of a woman," was one of the sayings accredited to her by the little circle of friends she knew at this time. The borders of her world were her home. Her whole life was wrapped up in her husband and children. She avoided all social functions and joined no clubs.

Reared four Children. When Mr. Rockefeller's wealth was mentioned in seven figures they left their first home for a residence remarkable only for its unpretentiousness on Euclid avenue, Cleveland's "mile of millions." Here Mrs. Rockefeller reared her four children, a fifth died in infancy.

The training given the Rockefeller children by their mother is declared to have been almost Spartan. Although the Rockefeller wealth increased by leaps and bounds there was only one carriage and horse cared for by a man, who acted as both coachman and hostler. These were used mostly Sundays on the trip to church. Mrs. Rockefeller employed two maids but still insisted on doing much of the work herself. She also supervised every detail of the care and training of her children, particularly seeking to instill in their minds the lesson of thrift. It is related that on one occasion she averaged up the gas bills for a year and promised as spending money to her eldest daughter any sum she might save each month by watching that no lights were left burning needlessly.

A relative told of her suffering under a particularly bitter newspaper attack in Cleveland against her husband. At her insistence the guards around the Forest Hill estate were doubled. Although Mr. Rockefeller received scores of letters threatening his life, and personal friends and relatives pleaded with him not to expose himself, he insisted on making his usual Sunday trip by automobile to the Euclid avenue Baptist church.

When Mrs. Rockefeller heard of his determination she insisted on accompanying although poor health kept her confined to the house for some time.

"If anything happens to you," she is quoted as saying, "I want it to happen to me too."

Of her children, three are living. She was the mother of four daughters and one son, the last named, John D. Rockefeller, Jr., being the youngest. Her eldest daughter, Bessie, who married Prof. Charles A. Strong, died in France in 1906 at the age of 40. The second daughter, Alice, died in infancy.

The surviving children are, Alta, wife of E. Parmelee Prentice; Edith, who married Harold Fowler McCormick; and John D. Rockefeller, Jr.

Ray Briscoe of this city visited in Sterling Thursday evening.

Mrs. Gusta Jordan Donahue of Chicago is here for a visit with her mother, Mrs. Jordan in North Dixon.

ITALY SEEKS CUT IN TURKEY MELON

Territorial Concessions Offered by Austria Insufficient.

INTERVENTION SOON TO COME

Negotiations Between Prince Von Buelow and Italian Foreign Affairs Minister Are Futile—Peninsular Kingdom Looking to Its Own Interests, It Is Argued.

Rome, March 12.—A conference held between Prince Von Buelow, the German ambassador, and Premier Salandra has given rise to reports that events of the most momentous nature for Italy are pending. The meeting of the two diplomats was held after the premier had consulted for some hours with General Zupelli, the minister of war, and with General Cadorna, the chief of staff of the army.

Italy Wants Big Territory.

Your correspondent is informed that Germany, realizing that Italian intervention is inevitable, has persuaded Austria to make territorial concessions conditional upon a maintenance of Italian neutrality, that negotiations are now under way, but that they are unlikely to succeed since the compensation offered is not in proportion to Italy's aspirations. Italy asserts that a prolonged neutrality would expose her to the danger of exclusion from the partition of Turkish territory and an inevitable loss to her interests in the near east and the Mediterranean. The negotiations are, however, apt to afford a pretext for intervention which is expected very soon.

Admits Negotiations.

The foreign office, taking cognizance of such reports, authorizes the statement that no agreement has been reached between Italy and Germany based on Austrian concessions, but admits that proposals for such an agreement have been made and that negotiations are pending. Naturally the result of such negotiations is withheld, although it is not at all likely that Italy will consent to limit her freedom which will continue to be complete.

The time is unquestionably near when Italy's attitude will be altered. Diplomatic preparation for such a step was inevitable before any decision would be rendered on the proposed agreement. The offers of compensation will not influence Italy's action which is based exclusively on the safeguarding of her own interests, not those of any belligerents.

BARS THAW SANITY EVIDENCE

Judge Holds Question Is Not Proper in Conspiracy Trial.

New York, March 12.—Harry K. Thaw's attempt to get evidence concerning his sanity into the record of his trial for conspiracy to escape from Matteawan failed.

Justice Page ruled out all testimony of this character except enough to show that Thaw had the mental capacity to enter in a conspiracy with his five codefendants to escape. In his ruling Justice Page asserted that the injection of testimony designed to prove the sanity of Thaw was improper in this case, which was purely to try an indictment charging the existence of an illegal conspiracy to effect the escape of Thaw.

O'LAUGHLIN TELLS OF THE SITUATION

John Callahan O'Laughlin's synopsis of the situation, as sent to the Chicago Herald is:

Washington, D. C., March 12.—The signing of the American grain ship William P. Frye by the German converted cruiser Prinz Eitel Friedrich will be made the subject of emphatic representations to the German government designated to obtain: 1.—A disavowal of the action of the German commander in violating American rights.

2.—Damages in compensation for the ship and its cargo of wheat.

3.—Declaration by the German government that American vessels shall be unmolested hereafter as required by the treaty of Prussia, unless they shall be guilty of violation of recognized principles of international law.

The president does not propose to act hastily. The incident and the consequences that may flow from it are too important to be lightly dealt with.

That he will act, however, may be inferred from the following statement which he believed it advisable to issue today:

The President, when asked regarding the sinking of the American sailing ship William P. Frye by the German auxiliary cruiser Prinz Eitel Friedrich, said:

"A most searching inquiry will be made and whatever action is taken will be based upon the result of that inquiry."

By tomorrow morning, complete details in connection with the destruction of the Frye will be in possession of the President. He will also have before him the views of the neutrality board and the recommendation of the State Department as to the character of the representations to be made to Germany.

Cabinet to Hear Plan. By the time the cabinet meets he will have determined upon the instructions to give to Ambassador Gerard. He will present his plans to the cabinet and hear any criticisms that may be offered. Within 24 hours thereafter, Mr. Gerard will be acquainted with the policy of the President and directed to acquaint the German government with it.

In the note delivered on Feb. 10, to the German government apropos of the Berlin decree prescribing "a war zone" around the British Isles, this government declared:

"If the commanders of German vessels of war should act upon the presumption that the flag of the United States was not being used in good faith and should destroy on the high seas an American vessel or the lives of American citizens, it would be very difficult for the government of the United States to view the act in any other light than as an intolerable violation of neutral rights which it would be very hard indeed to reconcile with the friendly relations now so happily subsisting between the two governments."

These are a few of the features that complete the wonderful usefulness of the "Sellers" Kitcheneed. Each one has been tried, tested and approved by housekeepers everywhere.

SELLERS Kitcheneed Daily Reminder helps the housewife in her ordering from day to day as well as performing a service in offering suggestions along the line of Kitchen Supplies and "What to Eat." Attached to it is a three-minute egg timer, a most convenient thing in the Kitchen.

SELLERS Kitcheneed Ticket Tray provides a handy receptacle for Milk Tickets and small change. It is secured to one of the upper doors in the Kitcheneed and is one of the handiest conveniences ever made a part of a Kitchen Cabinet.

SELLERS Kitcheneed Three Compartment Utensil Drawer is located above the pots and pans cupboard in base and provides unusual accommodation for knives, forks, spoons, etc., used in the kitchen.

SELLERS Kitcheneed Sliding Shelf in Utensil Cupboard is one of the most convenient of all SELLERS Kitcheneed features, as it makes it possible to secure pots and pans placed in rear of cupboard easily.

ANOTHER DIVORCE SUIT IS STARTED

MRS. EDNA BURHART SEEKS SEPARATION ON GROUNDS OF CRUELTY.

A number of divorce proceedings have already been filed for hearing at the April term of the circuit court. This morning Attorney H. A. Brooks entered suit for a bill of divorce from her husband, Wm. H. Burhart. According to the bill they were united in marriage Sept. 26, 1895, at Independence, Ia. She charges him with repeated cruelty. Three children have been born to the couple and she further asks that the court grant her custody and control of the children.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Each one of these features has been made a part of the "Seller" Kitcheneed because it helped most in doing some certain kind of work.

Sellers Kitcheneed --- Your own idea of what a Kitchen Cabinet should be

This is Cut No. 100.

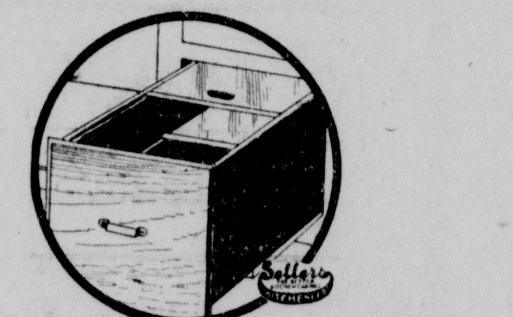

WHENEVER you have thought of a Kitchen Cabinet as a desirable assistant in your kitchen, or you have seen one advertised, certain conveniences have occurred to your mind as being necessary parts of it. The SELLERS KITCHENEED realizes every such expectation.

Every SELLERS Kitcheneed is a combination of certain conveniences that exhaustive experiment and long experience (over a quarter century in the exclusive manufacture of kitchen furniture) have proven to be real, desirable, labor-saving devices. That is why we say that a SELLERS Kitcheneed is your own idea of what a Kitchen Cabinet should be—because it does the things that you've always expected a Kitchen Cabinet would do.

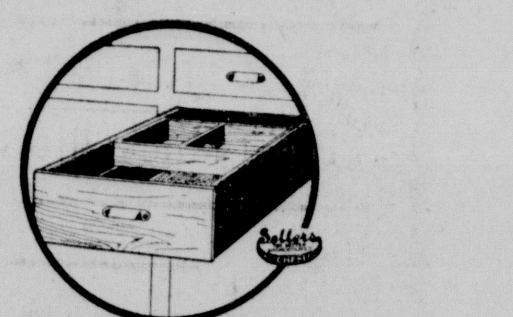

JOHN E. MOYER
Victrolas, Edison Phonographs, Rugs

The SELLERS Kitcheneed Patented Door Catch is one of the smaller things that produce the life-time service for which Kitcheneeds are known. It is absolutely without springs or other contrivance likely to get out of order.

The SELLERS Kitcheneed Double Bread and Cake Drawer is another convenience of the SELLERS Kitcheneeds—absolutely the best cabinets to be had. It is made of aluminum metal with a sliding shelf in the upper part for storing rolls, etc., while bread, cake, etc., is placed in the deeper section below.

The SELLERS Kitcheneed Plush Lined Silver Tray is another of those unusual conveniences that mark Kitcheneeds as distinctively out of the ordinary.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
2. SHELBYVILLE, KY.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.
4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.
5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1568 Constant St., Cleveland, O.

ARE YOUR KIDNEYS WELL

MANY DIXON PEOPLE KNOW
IMPORTANCE OF HEALTHY
KIDNEYS.

The kidneys filter the blood. They work day and night. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles,

If you are nervous, dizzy or worn out, Begin treating your kidneys at once;

Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Dixon testimony. W. Walford, blacksmith, Peoria avenue, Dixon, says: "I used to have quite a lot of trouble with my back and kidneys. The kidney secretions were irregular in passage. My back ached, too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action."

(Statement given May 21st, 1912.) NO TROUBLE SINCE. On January 21st 1915, Mr. Walford said: "I have had no kidney trouble at all for the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford had. Foster-Milburn Co., Props., Buffalo, N. Y.

HOUSE COMMITTEE QUESTION CURTIS DISEASE LOSS BILL

FINDS IT CARRIES DOUBLE APPROPRIATION—IS UNCONSTITUTIONAL.

(Associated Press.)

Springfield, Ill., March 10.—The Curtis bill appropriating \$1,500,000 to pay the losses suffered by stockmen as a result of foot and mouth disease, which had already passed the senate, has been questioned by the house committee. The committee finds that it contains not only an appropriation to meet the losses, but that it also carried a sum for the payment of officers and employees in the discharge of their duties; the double appropriation being contrary to the constitution.

A sub-committee has been named to prepare a new bill, providing only for such losses as may be ascertained to the present time. Later a bill will be drafted for the payment of expenses incurred in digging trenches, destroying herds and perhaps a third bill will follow providing for the payment of officers and employees.

BILL ASKS SCHOOL BOOKS

Representative Dudgeon Wants Texts
Printed in State Prisons.

Springfield, Ill., March 12.—Among the bills introduced in the house is one which, if passed, will provide to school children of Illinois free school books printed and bound in the penitentiaries and reformatories of the state.

The bill also provides that binder twine shall be made in the prisons and sold at cost to the farmers of the state. The bill is an act to amend eight sections of the law regulating the employment of convicts and prisoners in the penal and reformatory institutions and providing for the disposition of the products of their skill and industry.

SPAIN PROTESTS MEXICAN CRIMES

Four Citizens Killed and Property Damaged Is Charge.

ONE SWEDEN ALSO LOSSES LIFE

United States Not Satisfied With Reply of Carranza—Sending His Answer Direct to President Done Because United States Note Was Insulting to Him.

Washington, March 12.—The Spanish ambassador called at the state department and protested against the killing of four Spanish citizens by constitutionalist soldiers in Mexico City and the looting of a number of Spanish houses and business establishments and the burning of others. One Swede was also reported to have been killed by Obregon's soldiery.

At the same time officials of the state department were engaged under the president's direction in drafting a new note. This fresh communication was dispatched to Carranza and Obregon in the evening and officials hope it will bring the constitutionalist leaders to a realization that proper action for the protection of Americans and other foreigners in Mexico is necessary rather than arguments to satisfy the United States.

The Spanish embassy received this news Wednesday night. The Spanish complaint was filed almost simultaneously with the report of General Carranza's reply to Secretary Bryan's note, which fails to satisfy President Wilson's demands. It develops that this government does not know whether Mexico City has yet been evacuated or not; that so far as Washington is informed there has been no actual movement of food supplies into the capital nor any facilities provided for the exodus of foreigners desiring to leave.

Carranza's Note Unsatisfactory.
The Spanish ambassador was told by Secretary Bryan that the department had heard of the killing of five foreigners. No details as to the circumstances under which the four Spaniards were killed have been received.

In the face of this information, however, statements emanated from the White House to the effect that the president is inclined to think the dispatches containing allegations of disorders and famine may have been exaggerated at the dictation of certain interests which would like to force American intervention. Carranza's reply to the American note was generally admitted to be wholly unsatisfactory. His action in addressing it to the president instead of to Mr. Stillman or the secretary of state was peculiar, to say the least, while his statement that the language of the American note was such as to justify him in not deigning to reply to it was viewed as little short of being positively offensive.

The American note asserted that conditions in Mexico City for which it was declared the United States would hold Carranza and Obregon personally responsible in the event of injury to Americans have become "intolerable" and "cannot longer be endured." Carranza replied by denying the specifications in the American charges asserting that all he has done hitherto is proper and finally that he proposes to continue as heretofore.

Interested in Food Relief.
Secretary Bryan says that the efforts of this government are now centered on the task of relieving the food situation and obtaining transportation out of Mexico City. Steps are being taken by representatives of the state department at both Mexico City and Vera Cruz to this end.

INDUSTRY AND MECHANICS

MANGANESE IN PHILIPPINES
Export Dues Prevent Development of Industry—One Discovered in Large Quantities.

According to the bureau of science at Manila, manganese ore has been discovered in the Philippines in considerable quantities, and it seemed possible to develop the industry, but when the matter was looked into it appeared that an export wharfage charge exists on all kinds of ore.

If the ore were taken in ballast to Japan, this charge would not be serious, but if it were shipped to the west coast of America, the freight rate would reduce profits to the vanishing point. The same is true in regard to iron ore.
A geologist from Japan in the employ of the Mitsui Bussan Kaisha, examined the iron deposits on a small island in Mambuloa bay in Ambos Camarines where iron ore occurs, but the royalty to be paid to the persons owning the land, and the export dues, would leave little for the expenses of mining and the profit.

The bureau recommends that as soon as possible the law should be altered, remitting these export dues.

SCOTT & WALLACE, NOW PLAYING AT THE FAMILY THEATRE.

TAX BOOKS RETURNED.
The third collector's books to be returned to County Treasurer John E. Moyer will be returned tomorrow, when Collector Daniel J. Utz of Bradford township will be checked out.

Hospital benefit concert tonight at the opera house.

Dramatic Notes

FAMILY THEATRE
The triple bill at the Family which opened last evening was a delight and a pleasure to all who were in attendance. The Three Harmony Girls rendered a number of pleasing selections in a manner that captivated their audience. Their harmony is excellent and their voices blended perfectly.

Kartello & Kartello have an excellent novelty act and Scott & Wallace, a team of clever people, have a new act that is bright, clever and entertaining. Pictures tonight are "The Pines of Lorg" in two parts and the "Fable of the Girl" and the "Four-Time Veteran."

PRINCESS THEATRE.

Tonight the Princess has a two reel feature, "Mr. Silent Haskins," a Kay-Bee, with Wm. S. Hart and Rhea Mitchell in the leading roles, a delightful comedy drama in which an eastern girl goes west to take over her uncle's business and finds it a saloon and dance hall. The rest of the story is interesting and well acted. The other reels are an American drama entitled "Saints and Sinners," with E. J. Coxon and Winifred Greenwood in the leading roles, a strong study in moral contrasts. The other reel is a comedy entitled "Ether! Gets Consent," a comic comedy.

FINED FOR DRUNKENNESS.

Charles Heinson was given a fine of \$5 and costs before Justice Grover Gehant this morning on the charge of drunkenness.

'CASCARETS' CLEANSE LIVER AND BOWELS

NO MORE HEADACHE, BAD COLDS
SOUR STOMACH AND
CONSTIPATION.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowel clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermented food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

Moline Dispatch: Sheriff Butts, over in Peoria county, has established a jail library, with a prisoner as librarian. Now there is something to occupy the minds of prisoners other than the holding of kangaroo court and indulgence in wrestling matches or risqué stories.

If you desire to rent a room you should have one of our "For Rent" window cards. Price 10 cents. B. F. Shaw Ptg. Co.

Cut 3-4 Off YOUR FOOD BILL

Stick to bread. That is the advice of Dr. Wiley, food expert. He says there is more energy in a pound of bread than in a pound of meat. Costs only one-fourth as much, too, if made from ZEPHYR FLOUR.

Think of feeding your family on a heartier food than meat at a cost of less than 4¢ a lb. Isn't that about the biggest food value you know of?

No need to worry about advancing prices if you choose highly nutritious foods 'stead of highly priced ones. When ZEPHYR FLOUR costs less than 4¢ a pound, it doesn't take much figuring to beat this high cost of living thing.

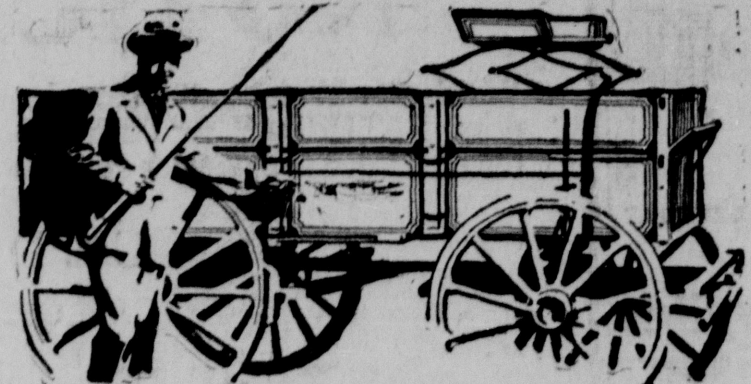

WASHINGTON, Jan. 9.—Dr. Harvey W. Wiley, the pure food expert, today issued a warning against the curtailment of bread eating should the price be advanced. He said: "There is a popular fallacy in favor of meat. Meat contains 40 per cent of water and costs 25 cents a pound. Bread is only 40 per cent water and costs 5 cents a pound. There is more energy in a pound of bread than in a pound of meat. Hard workers need bread more than meat. If the cost of four makes bread rate, cut down on the meat."

Dementtown Doings

Soliloquies of the Devil.
I pined a galley here the other day,
Before the bloomin' paper went to press;
I picked the measly thing up right away,
And put it back together just by guess.
The make-up man he chucked it in the form;
The thing went through. Oh! golly, what a storm!

"John Smith will sell at 20 Prospect street,
At the bride's home on Wednesday at high noon,
An only daughter, beautiful and sweet—
With spotted feet, and coming two next June."
So help me, that's the way the darn thing read.
I saw it, and I nearly fell down dead.

That ain't the worst. The thing went on to say:
"Mike Doland died last night at half past eight;
No fire insurance carried, so they say
Total loss, but the value was not great."
You'd ought to hear the widow tear and rave—
It makes me sick the way some skirts behave!

"A son was born to Dr. Richard Vose,
A glossy black, and weight a thousand flat;
His mother was by Danby, out of Rose—
With gloves to match, and wore a picture hat."
The freeman threw three fits and clawed the air;
For once he got so mad he couldn't swear.

"The Park house burned to ashes Tuesday night.
The cause they say was softening of the brain;
The noble firemen made a gallant fight
In satin duchess, made with fish-tail train."
Ain't that the everlasting limit? Gee!
The way the whole darned bunch jumped onto me!

The boss he had me on the carpet too.
Gosh! He can dress a feller to the ground!
I sneaked his office feelin' mighty blue,
When all to once I heard a funny sound.
The boss was all alone—I'd give my hat
To know just what that guy was laughing at!
—H. F. Lockhard in Inland Printer.

VALUE OF COMMERCE WHICH PASSED THROUGH UNITED STATES PORTS, 1914

Washington, D. C., Mch. 9—The District	Imports	Exports
volume of foreign commerce which passed through the various customs districts of the United States in the calendar year 1914 is indicated by the following memorandum prepared in the Bureau of Foreign and Domestic Commerce, Department of Commerce. Owing to the reorganization of the customs service, effective at the beginning of the fiscal year 1914, comparisons with earlier years are not available, but comparing December, 1914, with the corresponding period of the preceding year, it is known that considerable increases in exports occurred at the ports of New York, Galveston, New Orleans, Baltimore, Boston and Philadelphia, in the closing months of the year. DOUGHERTY IN PEORIA JAIL

Loss of Mittimus Delays His Plans for Freedom on Pardon.

Peoria, Ill., March 12.—Plans of Newton C. Dougherty, former superintendent of schools of Peoria, to hasten his entrance into the Joliet penitentiary and thereby win the pardon which Governor Dunne has announced he would give the aged offender, went awry at Peoria, where he went from his home in Chicago.

Dougherty was taken to the Peoria county jail to await the issuance of a second mittimus directing that he be taken to Joliet. The first mittimus directing Sheriff L. I. Butts of Peoria county to turn him over to the warden of the state prison disappeared from the sheriff's office, leaving Dougherty waiting at the jail.
